

OUR MISSION

Currently celebrating 35 years of advocacy, Outright International works at the intersection of grassroots activism and global policy to advance human rights for LGBTIQ people worldwide.

OUR ACTIONS

We amplify the voices of LGBTIQ activists on the front line, support local partners worldwide, advocate at the United Nations, and celebrate legal wins and progress.

OUR PARTNERS

With staff in 19 countries, Outright International works with the United Nations, regional human rights monitoring bodies, and civil society partners across the globe.

OUR STRENGTHS

Outright International has global reach and presence, a history of delivering impactful programs that drive tangible change, and the trust of local organizations.

OUR CALL TO ACTION

We cannot remain passive while authoritarianism rises, marginalized communities face increasing attacks, and conservative, extremist donors invest millions to roll back fundamental human rights across borders. Supporting local LGBTIQ activists and advocating for targeted high-level policy reform are vital components in advancing human rights for LGBTIQ communities. By combining grassroots activism with strategic, often behind-the-scenes, global advocacy, we can address critical issues and support laws and policies that aim to **protect dignity and equity worldwide**.
