Credit Suisse and In The Life Media cordially invite you to attend a special June Pride screening of Exporting Hate, a segment produced by IN THE LIFE, the longest running television series documenting the gay experience.

Exporting Hate

In 2009, the Ugandan Parliamentary proposed an anti-homosexuality bill that would impose the death penalty on serial offenders of homosexual acts. Inciting fear and sanctioning homophobia, the bill has caused LGBT Ugandans to be hunted in their communities and forced into exile. IN THE LIFE focuses on the man behind the bill and his supporters, and exposes the political and financial influence used by powerful conservatives in the U.S. to export their anti-gay agenda overseas.

In The Life Media

In The Life Media produces change through innovative media that exposes social injustice by chronicling lesbian, gay, bisexual, and transgender life and providing our audiences with effective ways to advance equality within and beyond our communities.
